- Cord: 12" heavy-duty, 3-conductor
- Height: 9.5"
- Weight: 3 Lbs.
- Attachments: 1) Soft rubber nozzle 1) Hard plastic air flare
- Manufacture: Made in the USA

USEFUL INFORMATION

Insert the grounded plug of the 12" power supply cord into a grounded, three-conductor extension cord. Move vehicle to dry area of garage or driveway to reduce risk of shock. Attach either of the two supplied nozzle attachments. Start the **AIRSTREAM DRYING GUN** via the toggle switch.

WARNINGS AND CAUTIONS:

Due to the tremendous velocity of air produced by the **AIRSTREAM DRYING GUN** you may experience some air venting by the seams, this is completely normal and helps keep the unit running efficiently. Do not store the unit near or in areas of high temperatures, open flames, direct sunlight, rain, or snow. Do not drop, throw, or mishandle the **AIRSTREAM DRYING GUN** and do not dismantle, tamper with, or adapt the unit for any other purposes than for what it was originally intended.

DISCLAIMER

Griot's Garage is not responsible for any misuse of the **AIRSTREAM DRYING GUN** or for any injury or damage incurred to any person or object related to its use.

Have fun in your garage!®
